The meme himself is back at it screaming about removing conservatives like William Barr, Mike Lee and Amy Coney Barrett (obviously Trump) from our society. Now obviously a millionaire like Keith is in no one way threatened by Trump. He just feels icky because Trump's unfiltered tongue reminds Keith of all the immoral shit, he and all his elite friends have supported for decades. Things like war, bailouts, corporate tax cuts, mass immigration, hollowing out the middle class and various others. In all of this though, it must be remembered that despite "Trump is the lesser of two evils" argument, there is no evidence that conservatives hate us any less than the left. So you can vote for Trump and riff on Keith, just don't claim you're saving the White race.

But why does the left hate conservatives so much? Because they know that right-wing politics, if taken to their logical conclusion leads to Fascism e.g. White people having their own homelands without jew or nigger interference.
